Unleashed Veterinary Dermatology

Unleashed Veterinary Dermatology is Connecticut’s only clinic that is dedicated to veterinary dermatology.

Recognizing Connecticut’s unmet need for veterinary dermatology specialists, Dr. Falk founded the practice in 2024, purchasing the former Shakespeare Veterinary Hospital from its owner, Dr. Milos. We then renovated and the clinic and equipped it to be a state-of-the-art center for veterinary dermatology. In addition to exam rooms, we have a large treatment area, a surgery suite, a laboratory, and a pharmacy.
